

Student's Workshop

HOT TOPICS

In Astrophysics

2002/2003

Warm welcome for students & scientists
to the students in astrophysics workshop!

Room F6306, Forskarhuset, 6th floor, Physics

Wednesday 14 May,
13:15-17:15

Solar Activity and
Terrestrial Climate

Dynamics of the Crab Nebula

Binary Pulsars

Gravitational-Wave

Astronomy -

Theory and Observations

Is the Fine-Structure

Constant Really Constant?

Thursday 15 May,
09:30-11:50

Planet Formation

Life on Other Planets?

The Physics of SETI
